EAU-DE-VIE DE POIRE WILLIAMS

48,8 %

WILLIAMS PEAR

The Eau-de-Vie de Poire Williams is a relatively new creation, born from a climatic accident. In the fifties, a violent storm fell on the orchard planted with pear trees of a Swiss winegrower. He collected as best one can the fruits fallen on the ground and put them in the cellar to ripen before distillation. The result was surprising and the recipe went across borders to reach our land...

The Eau-de-Vie de Poire Williams Trénel is distilled in Burgundy and aged in our cellar in 50 liters demijohn. It is packed in a transparent and stylish squat bottle.

Tasting

This brandy is a blend of several vintages, making it very complex. The younger eaux de vie are very aromatic and the older bring fullness to the Poire Williams.

It makes a complete spirit that'll please the connoisseurs.

How to drink and serve

Chilled or at room temperature, serve it for an aperitif of after a good meal. The coolness will soften the alcohol and the warmth bring out all the aromas. The choice is yours!

Use it while cooking as well, for king prawns flambé or to flavor a pancake batter.
